"THAT WAS A MANY SPLENDORED THING"

Stunned and frustrated by the scrappy, doggedly determined Gulf Coast Buffaloes in the first half, Coach Carl Spoonemore's Lions roared back in the second half with a vicious defense and a sensational offense that almost swept their opponents off the field.

Tucker, the regular offensive left end, was shifted to right halfback and the move paid off. It was the scampers off left end and on the dive play that guided Albany 83 yards in eight plays to break the scoreless tie. The drive was capped by a beautiful 30-yard run up the middle by Johnny Agan.

The Lions then scored twice with demoralizing rapidity in the fourth quarter for the final 20-0 margin. The Lions marched 84 yards in the 14 plays to go ahead by 14-0. After Jim Wood intercepted a Crosby pass and returned it to the 19 yard line, quarterback Roy Hogan faded back and tossed a lob pass in the end zone which Rocky Hill caught on the dead run.

T. G. Wilie, the barefoot kicker, kicked the first extra point, but his second try failed after the final touchdown. Rocky Hill kicked the extra point following the second touchdown.

Tucker began the series of amazing runs that accounted for the first TD. He took off around left end and went 15 yards to the 32 yard line. Two more times he carried for the 3 and 15 yards to the 50. Agan carried for 4 to the Crosby 46 and then Tucker, behind devastating blocking, romped 9 yards to the 37 for a first. Tucker made 5 to the 32 and Morrell 2 to the 30. Agan then rammed up the middle for the touchdown.

When the final buzzer sounded, screaming and overjoyous Albany fans swarmed the field like bees to honey. It was only seconds before the "STATE CHAMPS" signs were splattered across the chartered buses.

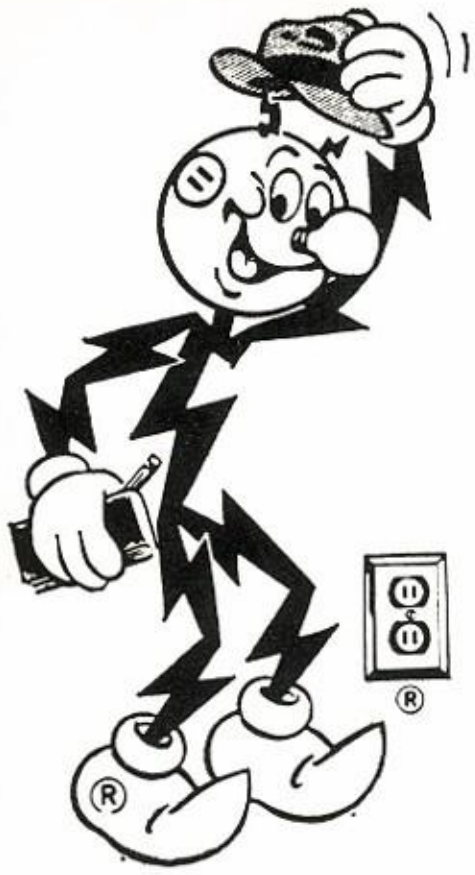
HEREFORD
MOTEL



I'm REDDY KILOWATT

. . . symbol of modern living through the use of electric power.

I make life easier for people by working for them . . . lighting, cleaning, cooling and heating their homes . . . doing their laundry . . . storing, preserving and cooking their food . . . and performing many other time-saving chores.

I'm available at the flip of a switch, and my usefulness increases as the days go by. In the years ahead, I expect to help even more people . . .

LIVE BETTER ELECTRICALLY
